Building Excellence

President

Ed White, TDIndustries

Executive Director

Mark Minter, AZ Builders' Alliance

Greetings from the President and the Executive Director

The Arizona Builders' Alliance is pleased to highlight our member firms in this special ENR insert. With a history of service reaching back over 60 years, the ABA and its member firms have a depth of experience and willingness to partner with all members of the construction industry to create great, lasting projects for the State of Arizona and the country. We are currently in the toughest economy that anyone now working has ever experienced. Construction firms have become leaner, more efficient and better at the services they provide. The ABA continues to help members adapt to these tough times and new ways of doing business. Gone are the days of simple plans, basic buildings and relaxed schedules. Today's modern builder incorporates complex systems from integrated project delivery systems to building information modeling, and always better, faster and more economically. For information on programs and services offered to the industry, please visit our website at www.azbuilders.org.

Sincerely,

ED WHITE, TDINDUSTRIES
MINTER, AZ BUILDERS' ALLIANCE
